

## Call for Volunteers - Haiti Architect / Engineer / Project Manager

### ARCHITECT / ENGINEER / PROJECT MANAGER

#### ROLE

- Excellent opportunity for a volunteer architect, engineer or project manager to work on school reconstruction projects throughout Haiti.
- Contributing to the development of the design of sustainable models of child-friendly, disaster resistant schools using local materials, knowledge of vernacular design and climate responsive design.
- Managing the first phases of demolition and construction.
- Working on site in Haiti, a particularly challenging post-disaster environment.

#### REQUIREMENTS

- Qualified professionals with 3+ years experience and superb academic qualifications.
- Proven experience and success working in developing world construction environments.
- Excellent communication and personal skills.
- Fluency in English and French essential.
- Knowledge of Creole advantageous.
- Previous experience working in the Caribbean advantageous.

Article 25 is an NGO team of construction professionals designing built solutions in post-disaster and post-war locations throughout the world. Projects include:

- Conservation based master planning in the Gola Forest, Eastern Sierra Leone.
- Independent evaluation of IFRC earthquake reconstruction building programme.
- School construction in the Democratic Republic of Congo.
- Earthquake-resistant housing, Pakistan.

#### Information

- Start date: August 2010
- Duration: 6-36 months
- Terms: Volunteer stipend tbc, on site in Haiti.

#### Contact

- Submit a CV, covering letter and examples of relevant work to Heather Stuart at Article 25.
- Email: [recruitment@article-25.org](mailto:recruitment@article-25.org)
- Deadline: Applications will be considered as they are received.
